Information concerning EU sanctions against Russia

As a result of Russia's ongoing aggression against the Ukraine, the EU has already decided to adopt several sanctions packages. In this regard, we hereby inform as follows:

We are in regular contact with our suppliers. We currently have no indications that our suppliers or their supply chains have processed or will process iron and steel products originating in Russia in accordance with the list in Annex XVII of Regulation (EU) 833/2014, Art. 3 g (1).

Furthermore, we have no indications that the goods delivered to us by our suppliers or on their behalf are iron and steel products in accordance with Annex XVII of Regulation (EU) 833/2014, Art. 3 g para. 1d.

From our suppliers, we expect strict compliance with the applicable sanctions and careful assurance of this.

The content of this letter is based on information available to GKD from suppliers as of March 8, 2024.

If you have any questions or require partnership clarification, please do not hesitate to contact your known customer contact departments.

Kind regards
